What High Schools & Districts Can Learn
StudentTracker can help high schools and school districts more accurately gauge the college success of their graduates by answering key questions such as:

- How many of our high school graduates enroll in college?
- Do they persist and graduate from college?
- How long does it take for them to get their degrees?
- Do they go in or out of state for college?
- Do they attend a two- or four-year school?
- Which colleges do they most commonly attend?

What Outreach Programs Can Answer
Through StudentTracker, outreach programs can accurately assess the educational achievements of their program participants and discover:

- Where did my program’s former participants enroll in college?
- How long did their educational efforts persist?
- Did they transfer between colleges?
- Did they receive a degree? If so, which degree?
- Where did they graduate from college?
- What was their college major?
Graduated from high school

3 full-time semesters at college
5 hours from home

Summer courses at in-state community college

Completes after 3 years at out-of-state school

StudentTracker, the Student Success GPS

Use StudentTracker to keep up with student journeys nationwide.

StudentTracker allows you to follow students across state lines, during stop-outs, through school changes, graduation and beyond by providing accurate and timely data that helps you:

• Meet your federal reporting requirements
• Measure the effectiveness of your college preparation and program efforts
• Query 99 percent of all postsecondary students in all types of U.S. institutions: two-year/four-year, graduate, public/private, trade, vocational, and others
• Compare your outcomes against national benchmark reports from our renowned Research Center
• Obtain turnkey, professional-quality reports at an affordable price
